- ❖ The human body is designed to express health and function normally. However, events may occur in life, which can interfere with this natural ability.
- ❖ This interference is most commonly caused by vertebral subluxations, resulting from physical, chemical or emotional stress.
- ❖ The practice of chiropractic is based on locating and reducing the vertebral subluxation, which causes nerve system interference.

# Informed Consent for Chiropractic Treatment

I hereby request and consent to the performance of chiropractic adjustments and any other chiropractic procedures, including examination tests, diagnostic x-rays and physical therapy techniques, on me (or on the patient named below for which I am legally responsible) which are recommended by the doctor of chiropractic named below and/or other licensed doctors of chiropractic who now or in the future render treatment to while employed by, working for or associated with, or serving as back-up for the doctor of chiropractic named below.

I understand that, as with any health care procedure, there are certain complications which may arise during a chiropractic adjustment. Those complications include, but are not limited to: fractures, disc injuries, dislocations, muscle strain, Horner's syndrome, diaphragmatic paralysis, cervical myelopathy and costovertebral strains and separations. Some types of manipulation of the neck have been associated with injuries to the arteries in the neck leading to or contributing to serious complications including stroke. I do not expect the doctor to be able to anticipate all risks and complications and I wish to rely on the doctor to exercise judgement during the course of the procedures which the doctor feels at the time, based upon the facts then known, are in my best interest.

I have had an opportunity to discuss with the doctor named below and/or with office personnel the nature, purpose and risks of chiropractic adjustments and other recommended procedures, and have had my questions answered to my satisfaction. I understand that the results are not guaranteed.

I have read ( ) or have had read to me ( ) the above explanation of the chiropractic adjustment and related treatment. By signing below I state that I have weighed the risks involved in undergoing treatment and I have decided that it is in my best interest to undergo the chiropractic treatment recommended. Having been informed of the risks, I hereby give my consent to that treatment. I intend this consent form to cover the entire course of treatment for my present condition and for any future conditions for which I seek treatment.

# FINANCIAL OFFICE POLICY

---

1. All patients are on a cash basis until their respective insurance coverage and deductible are verified by our staff.
2. The Doctor will give you an estimate of the fees for service before they are performed or rendered.
3. If the deductible has not been met, you will be on a cash basis until such time that the deductible has been met.
4. After coverage and deductible are verified, this office may accept assignment on most polices provided the Insured/Patient signs an appropriate assignment of benefits and or lien (authorizing payment to be sent to the doctor).
5. Waiting for insurance payment is a courtesy and it may be withdrawn under certain circumstances.
6. As a patient, it is your responsibility to take care of the co-payment (usually 20%) and any non-covered services on a weekly basis. This office may make payment arrangements on an individual basis. Any such plan or arrangement will be discussed during your report of findings. If you feel you need some assistance from a family member or parent with making a decision about your care, it is advisable that you bring them with you when the Doctor talks with you about your care.
7. This office does not warrant or guarantee that your insurance will pay. Nor does this office promise that an insurance company will or should pay the fees charged. Insurance policies are an arrangement between an insurance carrier and a patient or insured.
8. Any services not covered or coverage reduction by your insurance will be the patient's responsibility.
9. This office will resubmit a claim ONE TIME. We will not enter into any dispute with your insurance company. If coverage problems arise, you will be expected to assist directly in dealing with your insurance company, adjuster, or agent. Any denied or disputed claims will be treated as uncovered services and you will be expected to pay such charges on a timely basis.
10. All insurance payments, regardless of which company issues a check first, are applied to your account as long as any balance is due. This means refunds are made only AFTER YOUR BALANCE IS COMPLETELY CLEARED WITH THIS OFFICE.
11. If you receive any correspondence or checks from your insurance company, you agree to bring these into our office so that we may determine if any action needs to be taken or if the check is an assignment to this office.
12. If the patient is referred to another specialist or discontinues care for any reason other than discharge by the doctor, the bill is due and payable in full immediately, regardless of any claims submitted.
13. If you change insurance companies or employers, you agree to provide this office with current information immediately.
14. This office accepts, Mastercard, Visa, Cash and Personal Checks.
15. If you have questions concerning this or any other matter, please speak with the receptionist or our insurance department prior to seeing the Doctor.
16. If your account becomes past due and is turned over for collection, there will be a collection fee of 30% of the outstanding balance added for which you will be liable for, in addition to attorney fees and court costs. **Initialed:** \_\_\_\_\_

I have read and understand the Financial Office Policy and agree to abide by these terms.
